About Us

Wadsworth Woodlands, Inc was founded by Jack Wadsworth in 1994. Jack was previously a forester for Scott Paper and has been practicing forestry in Maine and New Hampshire since 1977. Jack has three other foresters on staff licensed in Maine and New Hampshire: Brian Reader, Jesse Duplin, and Jesse Scribner. Also, on staff is Nathan Wadsworth who is a licensed real estate agent helping clients with their timberland purchases and sales. Jack, Jesse and Jesse have received their forestry degrees through the University of Maine System while Brian received his from the Thompson School at UNH. We have been educated locally and practiced locally - no one understands your timberland better.

We are a family-oriented consulting forestry firm offering a wide array of services and expertise and we will work diligently to continue providing excellent service and good forest practices for our clients. It is our privilege to work with your woodlands.

Our Mission

We are committed to serving the individual forestry needs of our clients and their woodlands. As professional foresters, our mission is to provide landowners with a wide array of economical forestry services and bring our expertise and experience to responsibly work with your woodland.

Professional, Licensed Foresters
Serving Maine & New Hampshire
